

# THE JOURNAL OF THE AMERICAN MEDICAL ASSOCIATION INDEX

Articles not designated by any mark were published as original contributions in THE LARYNGOSCOPE. Those indicated by a \* were published in the proceedings of the section on laryngology and rhinology, and those indicated by \*\* were published in the proceedings of the section on otology, New York Academy of Medicine. Articles indicated by a † appeared in the proceedings of the Philadelphia Laryngological Society; those by a ‡ in the proceedings of the American Laryngological Association and those by a § in the proceedings of the American Laryngological, Rhinological and Otological Society.

**A**

Abducent paralysis, two cases of, occurring in acute suppurative otitis media with mastoiditis,—Stickney, O..... 395

Abscess, epidural, secondary to frontal sinusitis and ethmoiditis,—Kernan, J. D..... \*498

Abscess, orbital, and exophthalmos, due to intranasal suppurative processes,—Vail, D. T..... 263

Abscess, perisinus, without involvement of the middle ear,—Knight, F. H..... \*\*433

Abscesses, acute retropharyngeal, in children,—Brown, J. M..... 9

Accessory sinuses, intra-oral radiography of the,—Unger, M..... \*61

Adenoids in infant of two months,—Glogau, O..... \*176

Air passages, amyloid tumors of the upper,—New, G. B..... 327

Air passages; successful disinfection of non-suppurative infections of the upper,—Delavan, D. B..... \*62

Audiometer, use of the pitch range, in otology,—Dean, L. W., and Bunch, C. C..... 453

Auditory canal, fibrosis of the tissues lining the external, and tissues overlying the mastoid,—Dean, L. W., and Armstrong, M..... 365

Auditory canal, injuries of, resulting from projectiles, with special reference to the separation of the cartilaginous from the bony canal,—Cutler, F. E..... 82

Aural complications of the recent influenza epidemic, a study of the, with special reference to the clinical picture,—Hill, F. T..... 351

Auricle, epithelioma of the; operation; defect covered by plastic operation,—Saunders, L..... \*\*319

**B**

Bone conduction of sound in cetacea and its relation to increased bone conduction in human beings,—Kernan, J. D., Jr..... 510

Brain abscess, interesting symptoms in connection with a case of; operation and recovery,—Bowers, J. W..... 556

**C**

Brain abscess, otitic; report of a case,—Guttman, J..... 581

Brain abscess, experimental observations on,—McCoy, J..... \$595

Brain abscess dependent upon empyema of the frontal sinus,—Harris, T. J..... †727

Brain abscess drain,—Kahn, A..... 430

Bronchial tube, its study by insufflation of opaque substances in the living,—Jackson, C..... 52

Bronchoscopy, occasional preference of a tracheotomy to the per-oral route,—Thomson, St. C..... 88

**C**

Cancer of the tonsil, surgical treatment of, with report of cases,—McCoy, J..... 422

Cerebellar abscess secondary to acute otitis media; thrombosis of lateral sinus,—Hurd, L. M..... \*\*320

Cerebellar abscess; operation and recovery,—Saunders, L..... \*\*318

Cerebellar abscess,—Oppenheim, S..... \*172

Corn removed from esophagus of a child,—Arrowsmith, H..... \*313

Cricoarytenoid articulation, ankylosis of, with a case presenting involvement of both joints and requiring tracheotomy,—Harris, T. J..... 139

**D**

Deaf, present status of the teaching of the,—Goldstein, M. A..... 503

Deafness, central,—Carpenter, E. R..... 25

Deafness, three reflex signs useful in examining the ears for,—Stein, O. J..... 659

Dichloramin-T chlorcosane solution (Dakin-Dunham), value of, in the treatment of infections of the upper air passages,—Delavan, D. B..... †47

**E**

Ear and aviation,—Fisher, L..... \*\*121

Ear studies, practical value of,—Fisher, L..... 374

Empyema of the antrum of Highmore, idiopathic epilepsy due to; operation and recovery,—Keeler, J. C..... 484

Dichloramin-T chlorcosane solution (Dakin-Dunham), value of, in the treatment of infections of the upper air passages,—Delavan, D. B..... †47

**E**

Ear and aviation,—Fisher, L..... \*\*121

Ear studies, practical value of,—Fisher, L..... 374

Empyema of the antrum of Highmore, idiopathic epilepsy due to; operation and recovery,—Keeler, J. C..... 484

Edema of the larynx following influenza,—Deardorff, W. H.....	181	<b>L</b>	
Epistaxis, fatal, following varicella,—Jones, C. C.....	101		
Esophagus, tight strictures of the, due to lye burns,—Keiper, G. F.....	548	Labyrinth operation, suggestions for a new, based upon a case presented,—Kahn, A.....	
Ethmoiditis with metastasis, a case of fulminating,—Frank, L.....	425	**127	
<b>F</b>			
Feel of the airship, medical studies on; deaf-mutes and normals,—Lewis and Horn.....	65	Laryngeal and rhinological experiences at a base hospital,—Stout, P. S.....	
Focal disease involving the maxillary antrum, the teeth and the eye,—Brose, L. D.....	583	Laryngeal paralysis, an unusual form of,—Faulkner, E. R.....	
Foreign body in the esophagus,—White, F. W.....	379	*60	
Foreign body lodged in the upper respiratory tract; two unusual cases,—Culp, J. F.....	292	Laryngeal stenosis, treatment of, by corking the tracheotomy cannula,—Jackson, C.....	
Foreign bodies, removal of, from the bronchi and esophagus,—Murphy, J. W.....	106	Laryngeal stenosis; some original methods of treatment of,—Iglauer, S.....	
Foreign bodies in the air and upper food passages in pre-endoscopic days,—Arrowsmith, H.....	633	Laryngitis; specific,—White, F. W.....	
Fractured skull, two cases of, with secondary mastoiditis, meningitis and in one case brain abscess,—Smith, J. M.....	552	**53	
Frontal sinus surgery, blood clot dressing in,—Davis, G. E.....	5	Larynx, malignant tumor of the; operation by direct laryngoscopy,—Jervey, J. W.....	
<b>G</b>			
Glosso-labio-laryngeal paralysis,—Arrowsmith, H.....	*383	Larynx, streptococcus infection of the,—Bryan, J. H.....	
<b>H</b>			
Headache, nodular, of nasal (Sphenopalatini-Meckel's) ganglion origin,—Sluder, G.....	4732	Lateral sinus thrombosis, spontaneous recovery from; a case with very unusual features,—McKinney, R.....	
Hearing centers, laws of the, and the application of these laws,—Callahan, J. F.....	522	13	
Hearing centers, consensual reaction in,—Callahan, J. F.....	569	Leprosy; beginning lesion in nasal mucous membrane,—Unger, M.....	
Hemorrhage following mastoidectomy, severe and uncontrollable, in a patient suffering from purpura,—Harris, T. J.....	§609	*316	
Hemorrhage in epidemic influenza,—Goldstein, M. A.....	447	Leucoplakia laryngis,—Pierce, N. H.....	
Hoarseness caused by thyro-arytenoids interni paresis with symptoms simulating acute pulmonary tuberculosis due to a sinus infection,—Myers, E. L.....	720	§723	
<b>I</b>			
Influenza, nasal and pharyngeal sequellae of,—Laessle, H. A.....	103	Lip reading, aurist and,—Kessler, E. B.....	
Intracranial infection, history of an obscure case of, with autopsy findings,—Kerrison, P. D.....	480	163	
Intracranial infections complicating mastoiditis,—Kopetzky, S. J.....	679	<b>M</b>	
		Mastoid, treatment of gunshot wounds of the,—Neuhof, H., and Cocks, G. H.....	615
		Mastoid abscess, perisinus and epidural, subsequent to influenza,—Blackwell, H. B.....	587
		Mastoid operation, two new instruments for reaming the upper end of the Eustachian tube in the radical,—Kahn, A.....	143
		Mastoid, operation, local anesthesia and the,—Goldstein, M. A.....	559
		Mastoid wound cavity, reconstruction of the, by the use of bone grafts and chips,—Eagleton, W. P.....	272
		Mastoidectomy, anomalous condition found secondary to,—Knight, F. H.....	**432
		Mastoiditis, acute, with no mastoid symptoms, X-ray diagnosis of a case of,—Hays, H. M.....	660
		Meningitis, fatal, due to unrecognized ear disease; report of three cases,—Kaufman, A. S.....	181
		Mastoiditis, acute; a clinical study,—Harris, T. J.....	540
		Meningitis associated with chronic otitis media; symptoms of cerebellar abscess; peculiar phenomena on exploration,—Kernan, J. D.....	**322
